## BAC-EN-CLEAN BLOCKS

Ready-to Use  
Unique Solid Grease Trap Treatment

---

### DESCRIPTION

**BAC-EN-CLEAN BLOCKS** are a solid block incorporating bacterial culture/spore system combined with compatible enhancers that consume grease, fats, oils, foods, etc. dramatically reducing grease trap maintenance and eliminating odors. Each block (8 oz. by wt.) contains 23 billion bacteria (5 different types) per ounce, ensuring fast continuous consumption even when harsh chemicals enter the trap.

### USE

**BAC-EN-CLEAN BLOCKS** are easy to use. Simply toss the block into the grease trap. **BAC-EN-CLEAN BLOCKS** dissolve, slowly releasing (25-40 days depending on flow) billions of bacterial spores which consume grease and multiply to produce more grease eating bacteria. No pumps necessary to purchase or maintain, no bulky liquids to store.

### DIRECTIONS

For best results: 1. Measure grease trap size. Determine approximate trap size by measuring length, width, and approximate depth. Multiply cubic feet by 7.5 to arrive at gallon capacity of trap. (Example: 2 ft. long x 2 ft. deep x 2 ft. wide 7.5 = 60 gallons.) 2. Start with a clean trap (or stir trap) and place **BAC-EN-CLEAN BLOCKS** in the water (not the grease) away from the kitchen inlet. If cleaning of grease trap is not possible, double the block dosage. Amount of **BAC-EN-CLEAN BLOCKS** to treat different grease trap capacities are as follows:

Trap Size	Quantity
<30 Gallons	(1) 8 oz. block
30-60 Gallons	(2) 8 oz. blocks
60-90 Gallons	(3) 8 oz. blocks
90-150 Gallons	(5) 8 oz. blocks
150-500 Gallons	(8) 8 oz. blocks

**BAC-EN-CLEAN BLOCKS** should be at least 5 ft. from sink to trap. If less than 5 ft. increase dosage. If large amounts of meat and vegetables are present in the grease trap, increase the dosage. Finally, the placement of **BAC-EN-CLEAN BLOCKS** should be away from the hot water inlet.

### WARNING

May cause irritation to eyes and skin. May cause nausea, abdominal pain, diarrhea and vomiting if ingested. Carcinogenicity: not listed. Always read label before using product. KEEP OUT OF REACH OF CHILDREN.

*Note: See Material Safety Data Sheet for Additional Specifications and First Aid Information.*
