

# PRODUCT SPECIFICATION REPORT

Zeogard is a color-safe, dual stabilized liquid oxygen bleach specially formulated with surfactants, brighteners, heavy metal chelators, and soil suspending agents.

## ZEOGARD

Liquid Oxygen Bleach

PROD.#4244

### FEATURES/BENEFITS:

Fabric & Dye Compatible	Destains without damaging fabrics or discoloring dyes; ideal color safe bleach to remove the most stubborn stains
Non-damaging to Linen	Eliminates problem of residual chlorine in linen which could lead to tensile strength loss and replacement costs
Minimizes Corrosion	Oxygen bleach is less corrosive to laundry equipment than harsh chlorine bleach
Reduced Staining Reactions	Avoids discolorations due to chlorine reactive stains

NOTE: Zeogard is most effective at wash temperatures between 165°F – 180°F, and a pH level of 10.8 – 11.2.

### APPLICATIONS:

The following use directions are recommended:

- Light to Medium Soil: 2 – 3 ounces per hundred weight (cwt)\*
- Heavy Soil: 4 – 6 ounces per hundred weight (cwt)\*

### COMPANION PRODUCTS:

Blast, Powerplex, Zeoplex, Zeplex, Prolift, Suspendz HD, Release II, Zeobrite, Zeogard, Comfort Zone II, Veloso

### SPECIFICATIONS:

Physical Form	Liquid
Odor	Odorless
Color	Colorless
pH	3.0 – 4.0
Shelf Life	One Year Minimum
D.O.T. Shipping Label	UN2984, Hydrogen peroxide, aqueous solutions, 5.1, III

### PACKAGING:

- 5 Gallon
- 20 Gallon
- 55 Gallon
