

## Product Data Sheet

### ECOSALT™ Medium Granule

ECOSALT™ is treated with GEOMELT® 55 Liquid Organic Accelerator natural agriculture product that features snow and ice control performance superior to traditional rock salt, but is less corrosive to equipment and environment. ECOSALT™ effective working temperature -20°F will reduce salt consumption by 30% increasing equipment and employee efficiency.

- Anti-icing pre-storm, prevents snow and ice from bonding with pavement, making removal easier
- Reduce application rate 30%
- Reduce corrosion rate up to 60%
- Reduce bounce and scatter loss during application by 80%
- Deicing cuts through hardpack breaking bond with pavement, making removal easier
- Lowers maintenance costs by reduced application rates
- Lowers operating cost by increased equipment and employee efficiency
- Reduced application rate reduces negative impact on environment
