## PRODUCT INFORMATION

## **ALUMA-BRITE**

Aluminum Cleaner & Brightener
Oxidation Remover

**DESCRIPTION** ALUMA-BRITE is a pink, non-viscous, liquid acid having an acrid, irritating odor containing

hydrofluoric acid, sulfuric acid, 2 butoxy ethanol, linear alcohol ethoxylate. It does not contain phosphates. DO NOT USE ALUMA-BRITE on highly polished or on anodized aluminum surfaces, on glass or on other non-ferrous metals. It will etch these surfaces.

**APPLICATIONS** ALUMA-BRITE is an outstanding product for the cleaning and brightening of un-painted,

over-the-road aluminum (truck) trailers. It also works well as a cleaning and etching agent in preparing metal surfaces prior to painting or welding. ALUMA-BRITE will dissolve rust and rust stains on painted surfaces, metal parts, concrete floors and bricks, as well as to remove the calcium build-up normally found from hard water or urine deposits around animal

hospitals. It also works well for the cleaning of fiberglass boats.

**DIRECTIONS** This concentrated cleaner may be diluted with 10 to 40 parts of water, depending on the

condition of the surface to be cleaned. Brush or spray solution on the surface to be cleaned, working from bottom to top. Allow to remain for three to five minutes, and rinse thoroughly.

Use plastic pails for making up solution. DO NOT MIX THIS CLEANER WITH

CHLORINATED CLEANSERS OR OTHER CLEANERS. Do not use on hot surfaces.

Always dispose of remainder of solution when cleaning job is finished.

or on clothing. Wash face, hands and any exposed skin thoroughly after handling. Wear protective gloves/protective clothing/eye protection/face protection. Do not breathe dusts, mists, fumes, vapors or spray. Keep only in original container. Use only outdoors or in a well-ventilated area. **Response:** IF ON SKIN: Take off immediately all contaminated clothing. Rinse skin with water. Wash contaminated clothing before reuse. Immediately call a poison center or doctor. IF INHALED: Remove person to fresh air and keep comfortable for breathing. Immediately call a poison center or doctor. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center or doctor. IF SWALLOWED: Immediately call a

poison center or doctor. Rinse mouth. Do NOT induce vomiting.

REFER TO SAFETY DATA SHEET FOR FULL PRECAUTIONARY STATEMENTS

INCULDING THE USE OF PROPER PROTECTIVE EQUIPMENT.

**DANGER** Fatal if swallowed. Fatal in contact with skin. Toxic if inhaled. Causes severe skin burns and

eye damage. May be corrosive to metals. **KEEP OUT OF REACH OF CHILDREN**
