## PRODUCT Information

<b>CLING</b> is a low acid, high detergent cleaner formulated to remove hard water deposits, rust, gray and yellow stains from acid resistant surfaces, toilet bowls and urinals. Cling is a heavy bodied, pleasantly scented liquid that clings to vertical surfaces where stains, scale and encrustations occur.
<b>CLING</b> is used to clean and deodorize toilet bowls, urinals and acid resistant sinks and tubs. The clinging action allows the cleaning compounds to make full contact with encrusted lime, rust and stains.
<b>To clean Toilet Bowls &amp; Urinals:</b> Flush then squirt Cling on encrustations in hard-to-reach areas. Let stand then swish with swab and blush.
<i>To remove Rust &amp; Hard Water Stains from Acid Resistant Sinks, Bathtubs and Wash Basins:</i> Apply with a cloth and rinse with cold water.
<i>To remove Metallic Soap Build-up and Stains on Tile Floors, Walls, Shower Stalls, Drinking Fountains, Swimming Pools, etc:</i> Use 4-5 ounces of Cling per gallon of water. Apply with a cloth or mop and rinse promptly with cold water.
Do not use on Marble, Terrazzo or Aluminum. Do not allow bottle to stand on porcelain while contents are being used. MAY BE CORROSIVE TO METALS.
<b>KEEP OUT OF REACH OF CHILDREN.</b> Harmful if swallowed. Avoid contact with skin and eyes, flush with plenty of water. If irritation persists, get medical attention. Always read the label before using product. CAUSES SEVERE SKIN BURNS AND EYE DAMAGE.
<b>Eye Contact</b> IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Immediately call a poison center or doctor.
<b>Skin Contact</b> IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water (or shower). Wash contaminated clothing before reuse.
Inhalation IF INHALED: Remove person to fresh air and keep comfortable for breathing. Immediately call a poison center or doctor.
<b>Ingestion</b> IF SWALLOWED: Rinse mouth. Do NOT induce vomiting. Call a poison center or doctor if you feel unwell.

Note: See Material Safety Data Sheet for Precautions and Additional Specifications and Information.
